$10 FIRST PRIZE

Katie Reardon
Hillsboro, OR

The Labrador Retriever

They are sometimes called sporting dogs. They can be black, yellow, or brown in color. The males will grow to be 22.5 to 24.5 inches at the shoulder and weigh 60 to 75 pounds. The females will grow to be 21.5 to 23.5 inches and weigh 55 to 70 pounds. Another name for it is the bird dog. They get the scent of birds from the air and then flush the birds out for hunters. The Labrador retriever is from Newfoundland where they originally helped fishermen with their nets. The dog would take the net from the boat and swim to shore and give it to the men on shore and then swim back to the boat.

$5 SECOND PRIZE

David Jelliffe
Sussex, NJ

American Alligator

The American alligator spends all of its time in and around swamps and rivers of its watery home. In some areas, where the water level fluctuates, the alligator will dig itself in a hollow in the mud which becomes filled with water. Alligators eat a wide variety of food. Youngsters feed on insects, shrimp, tadpoles and frogs. The American alligator's courtship and mating takes place at night in shallow water during April and May. Once widely hunted for its skin, the American alligator came close to extinction.

EDITOR'S NOTEBOOK

Dear Archie Readers,

As you know, I receive a lot of mail (including e-mail). You also know, it's very difficult for me to answer every letter. However, many of your letters ask the same or similar questions. This month, I'd like to answer some frequently asked questions:

Q: Is it okay to photocopy order forms, so I don't have to cut up my comic?

A: Of course it's okay to photocopy an order form from your comic. Just be sure that all the information is correct and legible.

Q: Can we send cash when ordering books or merchandise?

A: We prefer that you pay by check, money order or credit card. If cash is lost, it is rarely recovered and you have no record of payment.

Q: Will there ever be an Archie movie?

A: Yes. I can't give you a release date, but a screenplay is in the works.

Q: Does Archie have any brothers or sisters?

A: No, Archie is an only child. In case you're interested, Betty has a sister named Polly and a brother, Chic. Jughead has a little sister, Jellybean (her real name is Forsythia).

Q: Will Archie ever make up his mind between Betty and Veronica? Who will he marry?

A: These questions have haunted editors at Archie comics for over fifty years. First, you have to ask yourself, "What would Riverdale be like if Archie finally made his BIG DECISION?" Think about that. Archie chooses between Betty or Veronica. They go steady, finish high school, go to college, get married and have kids. How will this affect the rest of the gang? We all have our opinions as to what we would like to see happen....and one day it will, be patient.

Write your letters to:
Victor Gorelick, Editor
Archie Comic Publications, Inc.
P.O. Box 419
Mamaroneck, NY 10543-0419 or E-mail to
